Agawam Citizens Lauded

Mrs. Alda Bedard wishes to thank all the workers and donors who helped make the recent J. F. Kennedy Library Drive a success. Mrs. Bedard, originator of the drive and committee attended the dinner held in Springfield on May 27, where Mrs. Joseph P. Kennedy made her only appearance of the year. The program brochure that was presented to each person in attendance mentioned the citizens of Agawam among the sixteen special gift donations.

The drive which started in March, through the organization of the Scroll Committee headed by Mr. Robert Deforge and the help of some 190 persons covered every street in Agawam going from door to door to help reach the ultimate goal of \$3,000 for the J. F. Kennedy Memorial Library Fund. The nonpartisan effort culminated in the presentation of the donation and a book

of scrolls with the donors signatures to Mrs. Joseph P. Kennedy. This scroll book will be placed in the library with all the past records of our late President.

The Committee in the photo above from left to right are: Mr. Frank Chriscola, Jr., chairman of the Agawam Board of Selectmen, Mrs. Alda Bedard, Mrs. Joseph Kennedy, Mr. Raymond Charest, Agawam Selectman, Mr. Robert Deforge and Mrs. Jessie Boyer. The little girl and gentleman at far right in the photo are unknown.

Mrs. Bedard also wishes to thank her committee (also Mrs. Fred Emerson not in photo but on committee) especially Mr. Robert Deforge for a job well done, and she feels that every citizen in Agawam should feel as proud as she for having made the strongest effort and realized the largest contribution of any other town in Western Massachusetts.

JUST A FEW FACTS

Just how important is railroad service to American life?

Here are a few facts which may help to answer that question.

The railroads have 215,000 miles of right-of-way linking virtually all cities, and they are the Number One common carrier, moving 43 per cent of all intercity traffic.

They employed 679,000 people last year with a total payroll of \$4.6 billion—and the average earnings for these workers was almost \$1,000 higher than for manufacturing workers.

Since World War II, the railroads have invested nearly \$1 billion in modernizing their passenger fleet and, last year, they provided passenger service for cross-country travelers amounting to 310 million tickets.

In that same year, they performed 6622 billion ton-miles of freight service—the equivalent of moving nearly 9 tons of freight a mile each day for every one of our citizens. Their postwar expenditures for freight cars has reached the unbelievable total of \$6.8 billion.

Their purchases, for fuel and other supplies, amount to \$2.4 billion a year. And their tax payments run to some \$886 million a year, with all levels of government participating.

The industry represents \$26 billion in investment by some 932,000 stockholders plus thousands of bond-owners. And these really are underprivileged citizens. The rate of return in 1963 barely passed 3 per cent—well below the level that is considered sound.

It can be said, in all accuracy, that what is good for the railroads is good for the country—and good for the legions of businesses and workers who depend, directly or indirectly, on railroad buying for their sales and their employment.

A TIME TO BEGIN

Once again this spring graduation day approaches in schools all across the land. It will be an exciting, proud and unforgettable day in the lives of millions of youngsters and their families. Each of us remembers this day in our own life. For it brought recognition of achievement and a time to say goodbye to many friends and familiar surroundings. This year's graduates will experience these same feelings and they will move on to meet the challenge and the opportunities of the world before them.

Today man's sum of knowledge and applications of it move ahead at an unprecedented pace, so graduation exercises now as never before mark not an end but a beginning. Young people must keep with them always, as a way of life, the habit of learning and growing that took them through their years of education. If they keep this as the most important lesson learned in school, the world will be theirs to shape. Congratulations Graduates!

Today's Agri-Fact

If you're wondering when native strawberries come on the market, just remember that on June 12th, 1628, the Arbella anchored just north of Boston and some of the passengers were very happy to go ashore and pick wild strawberries. There are years when native strawberries are at Faneuil Hall on June 1 but not very often. On the other hand they are sometimes pretty scarce on June 12th, but you can be practically sure of finding natives June 15th, and this premium fruit will last just two or three weeks.

DRIVE SAFELY

... You and Only You Are Responsible For The Safety of Your Community!

With the summer vacation season, comes the need for extra care in operating Motor Vehicles. BE SURE your car is in goop operating condition. Have GOOD BRAKES, LIGHTS and STEERING. Keep your WINDSHIELD clean and use the proper signals for turning and stopping.

Drive at reasonable speed, have proper rest and DON'T DRINK AND DRIVE.

The highways will be patrolled by State and Local Police as well as Registry of Motor Vehicle Inspectors, who will do their part in keeping our highways safe.

This week children will start riding their bicycles and continue during the summer months. Bicyclists should obey the Rules of the Road for Bicycles Riders. Stop signs are for bicycles as well as motorists.

At least 51,000 people will DIE in traffic accidents this year unless YOU and every other motorist do YOUR part to make our highways safe!

Traffic takes MORE LIVES in ONE YEAR than were lost during the Korean War. Last winter, on a foggy morning in California, it took but a fraction of a second for just one careless driver to start a massive accident that involved over 200 other vehicles!

Why all this mad and gruesome slaughter on our highways? INCONSIDERATION. EXCESSIVE SPEED. NEGLECT OF SAFE DRIVING RULES. These are the reasons.

Every time the wheels start moving on your car, you can MAIM and MURDER! Your car is a lethal weapon MORE DANGEROUS than a cocked and loaded shotgun. You and ONLY YOU are RESPONSIBLE for how you handle this deadly instrument. DEATH can come in one split second of carelessness, to YOU, to others.

You must DRIVE SAFELY, and you must INSIST that the members of your family do so ALSO. Make SURE that your wife and your children know and use the rules of safe driving . . .

YOUR COURTESY AND CONSIDERATION on the road will SAVE LIVES, not smash them out! Be a SAFE DRIVER and be PROUD of it. YOU can be a SAFE DRIVER if you use COURTESY AND SAFE DRIVING RULES. Stay alert and stay alive!

Published in an effort to save lives in cooperation with the Agawam Police Department, the Massachusetts Highway Safety Committee and the National Safety Council.

There is nothing to fear from either drinking or swimming in Sebago Lake water, according to the results of tests made by the U. S. Public Health Service, to determine if harmful quantities of DDT were present in the lake located in Sebago, Maine. The testing was conducted in cooperation with the Maine Department of Health and Welfare, and the Portland Water District.

"The tests revealed less than one part of DDT in a trillion, an amount so infinitesimal as to be scarcely worth mentioning," reported Dr. Elmer W. Campbell, Director of Sanitary Engineering, Bureau of Health, for the State agency. He further stated, "we are assured that there is no possible hazard from either swimming in, or drinking, Sebago Lake water."

SPECTATORS WELCOMED

Herman Burgi, treasurer and general manager of the Portland Water District, which provides Sebago water to the Greater Portland Area, echoed Dr. Campbell's assurances concerning the lake's freedom from pollution. He also noted that to eliminate any possible bad effects from DDT spraying, this practice will not be resumed this summer. "Furthermore, we will be making more tests of the water this summer, as a precautionary measure," Burgi said.

The fish in Sebago Lake were contaminated with DDT. They are loaded with the stuff. The water is fine, but I would think twice before eating fish caught from the lake until a clean bill of health is issued concerning the amount of DDT found in the tissue of the fish.

Vermont Survey

A selection of a prime site for an upstream fish-trap on the Willoughby River has been made, and plans call for shocking and fin-clipping as many yearling trout as possible this summer above Orleans. This action will be taken so that these fish may be identified in the future, thereby providing information as to their migration habits, growth and other factors pertinent to establishing firm policies for a healthy fishery.

Volunteer fishermen have offered to collect specimen fish for DDT analysis and will turn their fish over to Warden Collins for freezing and delivery to the U.V.M. laboratory.

Violations of fish and game law, mostly relating to sanctuary spawning areas and illegal means of taking spawning fish, have been numerous this year and prosecuted more than the usual number of such cases.

By BILL CHIBA

The Agawam Junior Rifle Club again proved that Agawam still produces crack shooters by beating out seven teams of New York State's best junior riflemen to place first by a wide margin. They also had one man, Larry Provost who tied for first place individual, in over 68 competitions. He lost out when the tie was broken by X's, 15x-8x. He was awarded a medal for second place honors.

There were two divisions—Individual, 4 position matches; and 2 position, team match, prone and standing; 20 shots in each position. All shooting was done at 50 yards.

The Agawam first team took top honors with a score of 1443—33x of a possible 1600—40x beating the next nearest team by over 50 points.

Larry Provost, 16, tied for high individual with a score of 376-400, took second by X's, had high for sharpshooter-marksmen division. There were 68 shooters in the individual matches and 8 teams in the team matches.

My Beat — A.H.S.

by Marsha Della-Giustina

I would like to sincerely thank the faculty and students of Agawam High School for the wonderful cooperation they have all given me in writing this column for the past two years. I also want to thank Mrs. Ernest McLean, the editor of this newspaper, for giving me this marvelous opportunity of bringing a bit of Agawam High and its great spirit into your home. I hope I have shown that Agawam's youngsters are active school citizens who try to improve and enjoy each club, course, and activity at Agawam High. Since I am graduating from AHS this evening, this is my last column. Linda Cook and Adella Gagliarducci will jointly

write this column next school year. Randy McLean will also resume his fabulous sports column in the fall. With these three interested and talented students reporting Agawam High's events, you will be well informed of AHS next fall. Again, thank you all very much! I enjoyed writing My Beat—AHS very much!

Senior Banquet

The class of '64 held its final social affair last Friday at Shaker Farms in Westfield. The 260 membered class enjoyed a delicious meal of their choice—swordfish, lobster, or chicken. After the dinner, Mr. Theodorowicz, the assistant principal, Mr. Skolnick, guidance director, David Robinson, class president, and Miss Cofrancesco, class advisor, each gave a talk on the class's importance, future, and accomplishments. The class presented Miss Cofrancesco with a sterling silver plate bearing her initials. John Klenakis then distributed

the class gifts and yearbooks. A dance followed the dinner.

The class's gift to the school is a plaque citing Mr. Frederick Dacey, our principal.

The banquet committee worked very hard and should be praised for the successful banquet. They are Sheila Dahdah, Bill Theroux, Mary Kelley, John O'Keefe, Dona Mercadante, and Tommy Plakias.

The officers of the Class of '64 are as follows: President, David Robinson; Vice-President, Arthur Foley; Secretary, Janet Freyer; Treasurer, Daniel DeBiasio.

Tonight the Class of '64 will graduate in the Agawam High School Auditorium. Each one will leave the school with a great sense of responsibility on their shoulders. I wish success to each graduating student and also to the juniors who will be following in the footsteps of the Class of '64.

Fabulous 6th Season

Spring is in the air, the familiar green and tangerine tent is in readiness, and on June 8, Storowton Music Fair gets its sixth gala season under way with the perfect light spring entertainment, the diverting comedy "Take Her, She's Mine," which kept Broadway audiences somewhere between tears and laughter for a full year in 1962.

Comedy star Hans Conried will head the company in the role created on Broadway by Art Carney, and repeated on tour by Tom Ewell. The popular star of television and stage starred on Broadway in "Can Can," playing the comedy role which Arnold Soboloff portrayed at Storowton Music Fair last summer.

Agusta Dabney will play the role of Conried's wife, played on Broadway by Phyllis Taxter, and Jean Hickey will be their daughter, the role that made a Broadway star of Elizabeth Ashley. The production will be directed by Judith Abbott, and sets and costumes are the work of Fred Voelpel, who most recently designed the costumes for Tennes-

see Williams, "The Milk Train Doesn't Stop Here Anymore," the musical "Sophie," and Richard Rodgers, "No Strings" (except for the clothes worn by Diahann Carroll, which were designed for her by Donad Brooks).

"Take Her, She's Mine" is a comedy with special appeal for all ages, but might best be described as a collegiate-type show.

Next meeting of the Board of Directors of the Agawam Lions

Club will be at the home of Chet Matys on Saturday, June 6th.

Regular meeting of the Club will be Wednesday, June 17th, at the Agawam Congregational Church, at which time the incoming 33-Y District Governor Arthur Tinney will install the officers for the coming year. This will be the last meeting of the current year until September 2nd, when the new administration under President Nick Zucco will commence.

The Club extends its deepest sympathy to Charter Member Fred Dacey in the loss of his wife. May she rest in peace.
